## PI Cup 2005 October the 22.

PI Dyk Copenhagen hereby invites you and your team to participate in the annual UW-Rugby tournament the "PI Cup".

### History:

The tournament has been held for the past 20 years, with a break of 5 years due to renovation of the pool in which the tournament is held. 2004 was the first year PI Cup was held after this work was completed. Six of the best teams in Europe participated and we had a lot of high quality games with very close competition.

### Present year:

This year we again plan to meet with the best UW-rugby teams of Europe in one of the most spectacular pools in the world of UW-rugby. The "Øbrobadet" measures 25 x 12,5 x 5 m giving a UW-rugby playing area of 12,5 x 10 x 5 m. These dimensions offer great opportunity for fast playing with quick shifts from the defensive to the offensive play.

## Address:

The address of the Øbrobadet is: Gunnar Nu Hansens Plads 3, 2100 København Ø

## Time schedule:

The timetable will be as follows with small adjustments according to the number of participating teams:

| 07:30 | Team leader meeting of all teams                           |
