Pulheim, 26/04/01

Subject: Invitation to the biannual General Meeting on Monday June 4th 10.00h a.m. -- Participants will be picked up 9.30 in the hotel lobby for transport to the meeting room.

Participants: All official representatives of the UWR playing federations within CMAS, UWR Commission members.

Dear sport friends,

Herewith I invite all UWR playing federations to participate or have representatives participated in the biannual General Meeting.

The meeting always is going to decide on the ways UWR should go in the near future.

This General Meeting will be important since it is the last before the elective CMAS General Assembly of in Monaco in November this year.

Therefore it is of great importance to obtain from the representatives in that meeting information on the candidates to work for the next period in the Commission as President or as members.

W.C. 2003, E.C. in 2005. - Another very special item will be to receive information on federations who are willing to apply for the next big CMAS UWR competitions.

This also refers to the next Champions Cups which are going to take place on an annual basis.

There it is absolutely mandatory to identify the organisers some years in advance to get planning security for all potential participants and also for potential sponsors.

Questionnaire - If not returned yet please present the completely filled in questionnaire signed by the President of your federation at the meeting.

Calendar 2002 - Only 1 application has been submitted so far. This to the public would mean that again the UWR world is pretty inactive what international competitions is concerned: Please make sure that you turn in the necessary applications as soon as possible. Normally in June it is too late.

If there are some modifications to the agenda to be proposed by anyone please let me know as soon as possible

Yours

Attachment: Agenda for General meeting

General Meeting Sandjefjord/Norway June 4th 2001
