

International referee circular 2/01

Helsinki, 09 April 2001

Hello friends and fellow referees,

European Championship 2001

The referees for the championship have now been selected.

We will have 9 referees at the championship:

Rudiger Huls

Harald Wielk

Heinz Jurgen Kessen

Hans Johansson

Kajsa Lindman

Timo Ruohomäki

Kale Rehnback

Siv Norstein

Lauri Nurminen

Information sheet

The response to my information sheet has been quite good. Some answers are still missing, I hope to get them still this spring. The part that I am interested in is the plans of each international referee in the future. I need to know how long you plan to continue your career on the international level since we need to have an adequate number of referees available for the international games.

UWR CD

The UWR commission has been preparing a CD with all the information of UWR on it. The idea of this CD is to be able to distribute information effectively in three languages, English, French and Spanish to all the prospective countries in the UWR family. The material of the CD is ready, the final testing of the functionality will be done during the spring and the plan is to distribute the CD at European Championships to the referees present there. The referees not participating will receive the CD by mail.

The CD will also be distributed to all federations in CMAS.
We believe that the CD helps us spread UWR wider.

Lauri Nurminen
